MEMORANDUM FOR:

FROM

:

Executive Secretary

STAT

I wish to add my appreciation to that you have already received from the Deputy Director of Central Intelligence for the time and attention you devoted to the Management Advisory Group. You voluntarily assumed the MAG Chairmanship during a "down" period for the Group, agreed to serve well beyond the completion of your tour and left it a going concern. That MAG is now alive and well is a direct result of your hard work, determination and leadership. Your initiative in identifying topics and your ingenuity in stimulating the members deserve the appreciation of all. Many thanks for the fine work.
